

# BUSINESS CONTINUITY PROGRAM

***PREPARE, PERSEVERE, PREVAIL***

When disruption threatens your operations, our Business Continuity Program **ensures you're ready to not just survive, but thrive**. Our comprehensive approach—rooted in decades of crisis leadership and infrastructure defense—delivers **expert analysis, actionable plans, and hands-on training** to safeguard your critical functions. From corporations to critical infrastructure operators, we empower you with the tools and confidence to maintain continuity, minimize downtime, and emerge stronger in an unpredictable world.

## Business Process Analysis (BPA)

We map your core processes to identify dependencies, bottlenecks, and critical operations—ensuring you understand what keeps your business running and where risks lurk.

## Business Impact Analysis (BIA)

Our in-depth BIA evaluates the potential impact of disruptions on your operations, prioritizing recovery efforts and uncovering vulnerabilities before they strike.

## Business Continuity Plan (BCP) Development

We craft a tailored BCP that guides your response to disruptions—ensuring seamless operations, compliance with standards like ISO 22301, and rapid recovery.

## Tabletop Exercises and Training

Through interactive tabletop exercises and hands-on training, we test your BCP and empower your team to execute with confidence under pressure.

## Continuity Program Optimization

We refine and update your continuity strategies with ongoing assessments and gap analysis, ensuring your resilience evolves with emerging threats.
