

RAPIDS

RESILIENCE ANALYSIS OF PHYSICAL INFRASTRUCTURE,
DEPENDENCIES, AND SECURITY

FORTIFY YOUR FUTURE

Summit Resilience Group's industry-leading **RAPIDS (Resilience Analysis of Physical Infrastructure, Dependencies, and Security)** Program delivers a tiered, structured, facility-specific evaluation that uncovers operational and security vulnerabilities. Each assessment includes targeted risk scoring and custom-built countermeasures designed to mitigate identified threats and improve continuity. RAPIDS provides clear, actionable insights across all critical security domains—setting the benchmark for practical, results-driven resilience. **When operational resilience matters most, RAPIDS delivers.**

YOUR INSTANT SHIELD

Who It's For: Small facilities or critical departments (e.g., clinics, EDs).

What You Get: In just 2-5 days, we zero in on 5-7 vital security domains, delivering urgent fixes to lock down your weakest links.

Why Choose It: Don't let gaps compromise your safety—RAPIDS Core is your fast-track to peace of mind, slashing risks with precision and affordability. Get robust protection now, without breaking the bank.

Deliverable: A razor-sharp 5-7 page report with a risk score and 3-5 must-do recommendations.

YOUR RESILIENCE POWERHOUSE

Who It's For: Medium-complexity and sized facilities.

What You Get: In 7-14 days, we dissect 10-12 domains—unveiling hidden vulnerabilities and arming you with a mid-depth blueprint to dominate risks.

Why Choose It: Elevate beyond the basics—Plus fortifies your entire facility with actionable, budget-smart strategies. Stop reacting and start commanding resilience like never before.

Deliverable: A commanding 15-20 page report with a risk heatmap, tiered fixes, and a dependency map.

YOUR UNBREAKABLE ADVANTAGE

Who It's For: High-stakes or complex facilities.

What You Get: Over 3-6 weeks, we master 18+ domains, crafting a full-spectrum overhaul that secures every inch of your infrastructure—today and for years ahead.

Why Choose It: For those who refuse to compromise, Pro is the ultimate resilience game-changer. From executive strategies to frontline defenses, we deliver the gold standard to protect your mission, staff, and legacy.

Deliverable: An unrivaled 50+ page report with heatmap, detailed Vulnerabilities and Recommended Countermeasures (VRCs), and a 3-year roadmap.
